- Toronto – 9 flights/day
(2 carriers, 6-AC, 3-WS)
- Montreal – 4 flights/day (1 carrier)
 - Additional flight and 5 per day during summer months
- Ottawa – 2 flights/day (2 carriers)
- Halifax – 4 flights/day (1 carrier)
- Toronto Island – via Montreal with Air Canada and via Ottawa with Porter
- Loss of service in 2017:
 - Route to Hamilton with NewLeaf
 - Direct winter seasonal flight to Cancun with WestJet

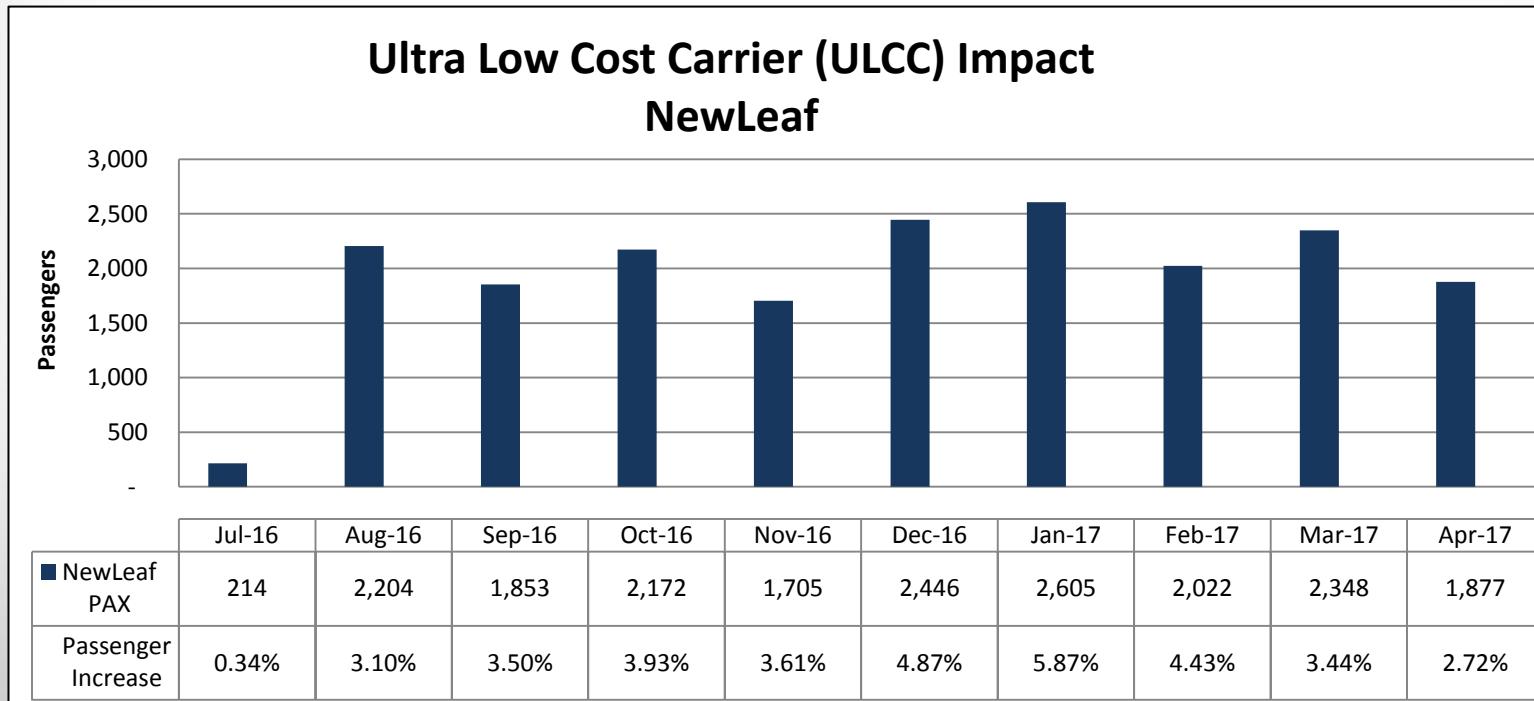

Note – YQM annual passenger traffic volume is equivalent to that of the combined volume of the Fredericton, Saint John and Bathurst airports /

Note - Le volume annuel de trafic de passagers de YQM est équivalent à celui du volume combiné des aéroports de Fredericton, Saint John et Bathurst

STRATEGIC PRIORITY # 2

Establishment of New Route

- Passenger increase of 2.2% with NewLeaf, a low cost carrier, which serviced Moncton/Hamilton from July 29, 2016 to April 30, 2017

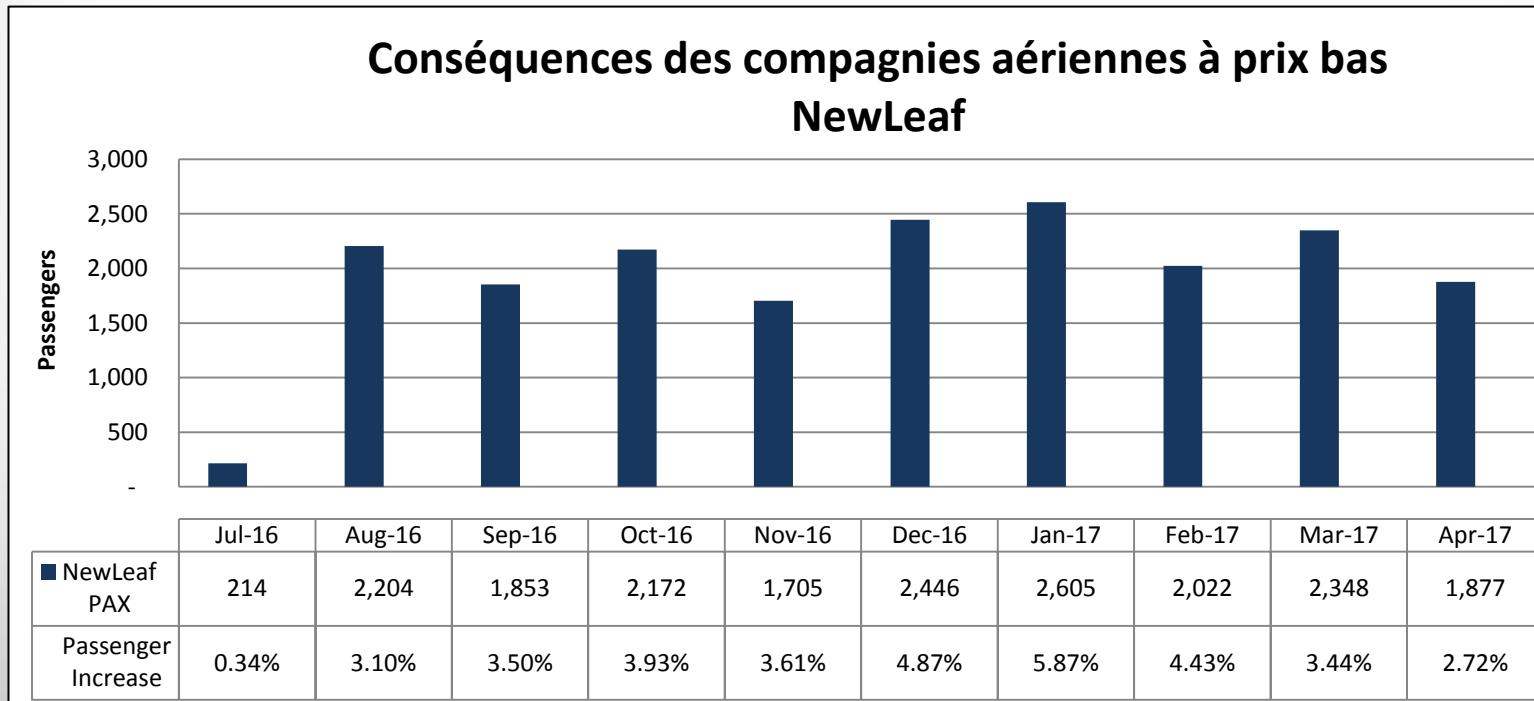

Note – as of the end of July our 2017 YTD traffic is a 4.2% increase over 2016

PRIORITÉ STRATÉGIQUE 2 :

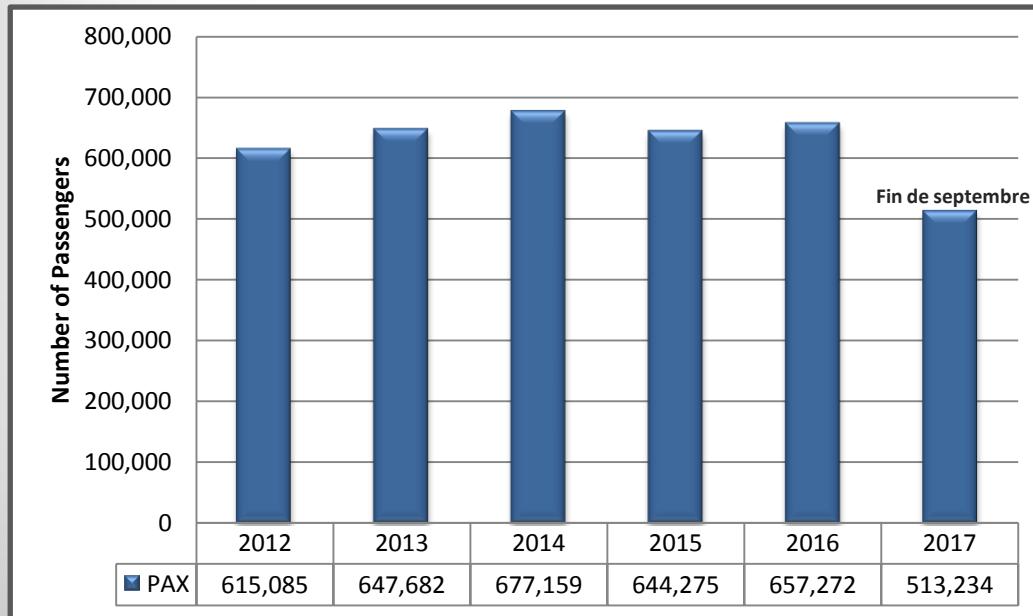

Établissement d'une nouvelle liaison

- Augmentation du nombre de passagers de 2,2 % avec NewLeaf, une compagnie aérienne à prix bas ayant assuré une liaison entre Moncton et Hamilton du 29 juillet 2016 au 30 avril 2017.

Remarque : en date de la fin du mois de juillet, la circulation aérienne au YQM, depuis le début de l'année, était en hausse de 4,2 % par rapport à 2016.

TENDANCE LIÉE AU NOMBRE DE PASSAGERS SUR 5 ANS ET DEPUIS LE DÉBUT DE L'ANNÉE

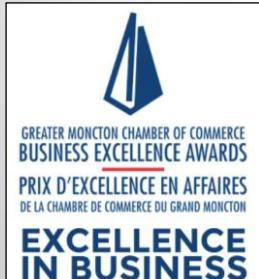

- Nous avons eu 677 159 passagers en 2014, un nouveau record!
- 2015 a été une année plus difficile en raison d'une baisse des déplacements des travailleurs mobiles (ouest), pour un total de 644 275 passagers (diminution de 4,9 %)
- Le nombre de passagers a augmenté de 2 % en 2016 par rapport à l'année précédente, grâce à la venue d'une compagnie aérienne à prix bas pendant le mois de juillet de la même année.
- **Le nombre de passagers ayant transité par YQM depuis début 2017, c'est-à-dire 396 226, est de 6,2 % supérieur à nos prévisions et de 4,2 % supérieur au nombre de passagers cumulés en date du mois de juillet de l'année précédente.**
- On anticipe une baisse du nombre de passagers entre août et décembre par rapport à 2016 en fonction de la fin du service NewLeaf en avril 2017.

COMMITTEE TERMS OF REFERENCE

AIRPORT CONSULTATIVE & NOISE COMMITTEE (ACNC)

TERMS OF REFERENCE

PURPOSE

The Airport Consultative and Noise Committee (ACNC) will provide a consultative / communication forum for community stakeholders to meet with Greater Moncton International Airport Authority (GMIAA) Management and other aviation community representatives.

The committee will discuss issues relating to the ongoing operation of the Greater Moncton Romeo LeBlanc International Airport and the activities of the GMIAA.

The ACNC will be an advisory body for the GMIAA President & Chief Executive Officer. The committee will include a broad group of airport, community and government partners and allow for the GMIAA to hear concerns expressed in a public forum and to take action as agreed and considered appropriate.

COMMITTEE RESPONSIBILITIES

MANDATE

The GMIAA Airport Consultative and Noise Committee is a forum to provide for effective dialogue and dissemination of information on matters relating to the Greater Moncton Romeo LeBlanc International Airport, including, but not limited to:

- airport planning and plans
- operational aspects of the Airport
- municipal concerns
- noise and environmental issues with potential economic impacts
- noise mitigation and environmental issues

The ACNC shall meet not less than twice each year, and shall be comprised of members who are generally representative of the community, including persons representing the interests of consumers, the travelling public, aviation industry representatives and appropriate provincial and municipal government representatives.

This mandate is consistent with the requirements set out in the GMIAA's Ground Lease with the federal government.

MANDAT DU COMITÉ

COMITÉ CONSULTATIF ET SUR LE BRUIT DE L'AÉROPORT (CCBA)

MANDAT

BUT

Le Comité consultatif et sur le bruit de l'aéroport (CCBA) vise à permettre aux intervenants communautaires ainsi qu'à la Direction de l'Aéroport international du Grand Moncton (DAIGM) et à d'autres représentants du monde de l'aviation de se rencontrer.

Le comité abordera des questions relatives à l'exploitation de l'Aéroport international Roméo-LeBlanc du Grand Moncton et aux activités de la DAIGM.

Il sera, pour le président-directeur général de la DAIGM, un comité consultatif. Le comité sera composé de nombreux représentants de l'aéroport, de la collectivité et des gouvernements, permettra à la DAIGM de se tenir au courant des diverses préoccupations ainsi que de prendre les mesures qui auront été convenues et jugées appropriées.

RESPONSABILITÉS DU COMITÉ

MANDAT

Le Comité consultatif et sur le bruit de l'aéroport permet à ses membres d'avoir un dialogue fructueux ainsi que de diffuser des informations sur des questions relatives à l'Aéroport international Roméo-LeBlanc du Grand Moncton, dont, entre autres :

- les activités de planification;
- les aspects opérationnels;
- les préoccupations municipales;
- les questions liées au bruit et à l'environnement ayant des conséquences économiques possibles;
- la réduction des niveaux de bruit et les questions environnementales.

Le CCBA se réunira au moins deux fois par an et sera composé de membres représentant la collectivité, dont des personnes représentant les intérêts des consommateurs, des voyageurs, de l'industrie de l'aviation ainsi que du gouvernement provincial et des administrations municipales.

Le mandat du comité est conforme aux exigences énoncées dans le bail foncier de la DAIGM avec le gouvernement fédéral.

GMIAA - Customer Comments Summary

Subject	Comments	Date Received	Extracted From	Copy To	Action	as of Jul 29
Hours of Operations - Tims	The Tim Horton and Beverage Bar closed just as we cleared security. The gates were full of passengers and yet these facilities closed. I imagine you can blame those companies for setting their hours but it still doesn't reflect very well on the airport.	14-Aug-17	Email	Anik, Julie, Aramark	Aramark sent reply to customer	
Selection of French books in Relay Store	J'ai pris l'avion il y a deux semaines à destination d'Ottawa. Avant mon départ je me suis arrêtée au kiosque de livres afin d'offrir une oeuvre en français du Nouveau-Brunswick. Quelle déception de n'y retrouver aucun livre à ce sujet. Tout ce qui m'était offert en français était à peu près du même auteur et une traduction en plus. Je suis souvent passée à ce kiosque dans le passé et j'ai acheté là des bijoux de livres sur l'Acadie, des livres pour enfants. La proposée me disait(en anglais) que tout ce qui était en français ne se vendait pas bien voilà pourquoi le maigre choix qu'on y trouvait. Maintenant résidente de Moncton, j'ai eu honte de la piètre sélection de matériel français à mon aéroport. Comment y rémédier? Je veux bien vous aider si cela peut apporter du changement à l'avenir. N'hésitez pas à communiquer avec moi à ce sujet.	17-Aug-17	Email	Anik, Julie, Relay	Reply sent to customer	
Hours of Operations - Tims	Saturday evening and there's no place to get a coffee at 8pm? A long wait and nowhere for a coffee? The sign says there's food service upstairs, but it was closed too.	11-Sep-17	Customer Card	Anik, Julie, Aramark	Aramark to reply	
Paper Towel dispensers	Some folks did not know about no touch technology for paper towels in washrooms. Noticed sign is visible from 3 feet? Really? Great facility	11-Sep-17	Customer Card	Anik, Julie	Reply sent to customer

Toronto Pearson releases Noise Management Program Benchmarking and Best Practices report

As a part of its commitment to mitigating noise impacts for residents who are negatively affected by aircraft noise, the Toronto Pearson International Airport commissioned a noise management benchmarking and best practices study.

The purpose of the study is to determine what successful measures other international airports have taken to reduce the impacts of operational noise. The study looked at 11 areas of noise management at 26 airports around the world to identify potential new programs to be adopted at Toronto Pearson.

Recommendations from this study will be used to help inform the airport's updated five-year Noise Management Action Plan, which will be released before the end of 2017. The goal of the updated action plan will be to balance the impacts of aircraft noise on neighbours.

As a more immediate step, the airport will begin work on a quieter fleet incentive program. This incentive program, which was recommended in both the airport's Best Practices study and Nav Canada's Independent Toronto Area Airspace Noise Review, will become an important cornerstone of the airport's new noise management program.

The quieter fleet program will encourage air carriers to retrofit or retire aircraft that are noisier and, or, cause a higher degree of irritation for community members, such as the noticeable whine created by the Airbus 320 series. Toronto Pearson will be working with our airline partners towards implementing this program in the next 18 to 24 months.

Date of Complaint	Incident Time	Address	City	Prov.	Response	Comments	Response date	Who Responded
4-Jan-16	9:37 PM	North Steet	Moncton	NB		At approximately 9:37pm this evening there was a plane that flew over our house. It was flying very low and was very loud, it shook the second floor of the house rattling some of the pictures. I'm not sure if there is any structural damage to the house. My name is XXX and I am calling for YYY who is the owner of the house. *He phoned and left another message on January 5th with the same information.	07-Jan-16	C.Farmer left a message for him to call back
14-Jan-16	Feb 13th & 14th 7pm to 8am	Normandie St.	Dieppe	NB		<ul style="list-style-type: none"> • She asked if there was a flying school at the airport. I answered yes there was. • The noise was more annoying than a disturbance. • It was last night and the night before last that she heard the noises. It was between 7pm and until 8am she said they were still flying. • She says she is well aware of Pilot error, engine troubles etc... • She lives on Normandie St. • Last night she wasn't sure if it was the wind or planes, but the night before last it was definitely planes. • She watches Mayday on T.V. and knows there are many airplane troubles and crashes that aren't reported. • She asked if the school could do their flying hours during a certain time of day. • I explained that I would have our Director of Operations call her back, as he could better answer her questions. I explained that I was the administrator for the Airport, and that I would pass along her information and have them return her call to better answer her questions. 		Natalie Hebert (and C. Farmer?).

19-Jul-16	no time specified	Champlain St	Dieppe	NB	C. Farmer by email and phone from 20-Jul to 03-Aug	No name or number was provided. Phone number is from voicemail details. The man who called lived across the street from FedEx. Complaint regarding noise and hazardous fumes. Fumes are from FedEx terminal. The fumes are coming in the house. Planes are rarely shut down. He registered complaints numerous times but nothing was ever done. He said noise barriers could be installed. He has emails and registered phone calls saved from previous complaints.	20-Jul	C. Farmer - See folder on V: for email response
21-Nov-16	10:45am (all hours of the day) 2-3 times a week	Gorge Rd	Moncton	NB		At 10:45am, a helicopter flew over his house, he is annoyed that this is happening at all hours of the day and 2-3 times a week. He is wondering if it's the company building the new development next to his house, on Gorge Rd (New University area) or the airport. He would like to talk to someone to see if anything can be done.	21-Nov-16	G.Askeland, via phone. Provided # of company (Dexter) to call directly as it is a private non-scheduled aircraft. See Vortex Customer Feedback file for more info.
25-Nov-16	8:25-8:45 am	Ch. Pit Melanson Cross	Kent Coun	NB		Low flying plane over residence. Outside airport zone. Referred to TC. See email file.
